

src/kylincombobox.cpp

```
graph TD; A[src/kylincombobox.cpp] --> B[kylincombobox.h]; B --> C[QComboBox]; B --> D[QMouseEvent];
```

The diagram illustrates the dependencies of the `src/kylincombobox.cpp` source file. It is connected to the `kylincombobox.h` header file, which in turn depends on the `QComboBox` and `QMouseEvent` classes from the Qt framework.
